SIGNIFICANT SKILLS & KNOWLEDGE

I am just finishing 6 mos. of C# Sharp programming of Revit. I setup Autodesk developer network and made external applications external commands in ribbon menus. I used Revit Architectural Structural and MEP, and ObjectARX in AutoCAD 2010. I have been using AutoCAD since 1988 and setup companies drafting departments, standards, and networks for the last 22 years. I know Architectural, Structural, P&ID, Roads, and Mapping.

Structural and mechanical design drafting using AutoCAD from Ver 1.3 to 2008 for 22 years, AutoCAD Revit Structure Suite 2010, Architectural desktop 2010, AutoCAD Civil 3D 2010, Map, MicroStation V8 XM and MS Access 2007 . Excellent working knowledge of MS Office 2007, MS Server 2003, Novell and All MS operating systems. Other programs are WordPerfect, Lotus 1-2-3, Paradox, 3-D Studio, and Photoshop.

I am an experienced Instructor in AutoCAD in all versions, networking including providing training in Systems Management in all Microsoft operating systems, 3-D Studio, WordPerfect, Lotus 1-2-3, Paradox, UNIX, IRIX, Novell System Administration, Cabling, and PC Repair. I have Technical support ability including the ability to assemble, analyze, diagnose, and resolve all computers, software, networking hardware and printing problems. I have working knowledge of programming LISP, Visual Studio.NET, and I like to come in early and leave a little late so I do not feel rushed. I do not need to instruction on what to do. I like to be on top of the jobs, I do not like surprises.

Programming Rivet & AutoCAD App's Chow Engineering* 7770 Pardee lane **Oakland, CA. 2009*

Same company but program development for Revit and AutoCAD software making new applications and add-in integration menus, external command, external applications in C# Sharp and ObjectARX. I setup the interface with Autodesk developer's network. It was to be six mos but they, want me to stay .I own a house in Houston and I came back. I cannot afford a house in California for \$600,000.

CAD & IT Manager Chow Lazer LLD* 10333 N.W. Freeway suite 220 **Houston, TX. 2008-2009*
Setup the office with computers, network, and phones and hire drafters. I installed all program like AutoCAD, MS Office 2008, Vista, Networking C# VB.net and email. I support all in office in all programs.

Owner 4ACAD.COM Moraga, CA 1990-2007

Work in the design parts of the factory for BART train cars. Database Design for fast food inventory and payroll. Contracting for computer consulting, networks, AutoCAD, and graphics work. Consultant for Gaylord Container Corporation Antioch CA, and Railroad Signal Services, coal dumping system in Long Beach CA. These were some of the clients. Retired Now I would like to have a full-time job.

CAD Manager Ron Herman Landscape Architect San Leandro, CA 2001-2004

Set standards for drafting with LDD desktop and Map 6. Created visual database for irrigation and trees using Visual Studio.NET. Setup and maintained the networks

CAD Engineer NASA Mountain View contract for Gentry Inc, Oakland, CA 2000-2001

Contracted with NASA as a CAD Engineer to document a new network and set up a CAD system for accomplishing this. In addition to this, I helped with designing the conference room.

Networking Technology Instructor United Education Institute San Francisco, CA 1998-2000

Instructed low income adults in use of operating systems ranging from DOS to NT Server, Microsoft Office, Network and Cabling

ROD BISER, 10803 PINE DESERT LANE, HOUSTON, TX – 77088 Home 281-741-8328

CAD Manager Desimone Consulting Engineers San Francisco CA 1998-2000
Hired, trained, and assigned work to CAD personnel involved in structural steel drafting
Backed up office projects. Served as a Novell Administrator

Production Manager Fard Engineers Walnut Creek, CA 1998
Assigned HVAC and Electrical drafting projects. Interfaced with engineers on AutoCAD problems and
Backed up projects

Applications Engineer/AutoCAD-Instructor Kelar Corporation Los Angeles, CA 1997-1998
Taught AutoCAD R14 Level 1 & 2 and the Release 13 to 14 upgrade course, and provided technical
support to clients

CAD System Manager Railroad Signal Services Long Beach, CA 1995-1997
Instructed Engineer and Designers in use of AutoCAD Design, and prepared drawings for
railroad train signal standards. Set up and maintained WIN 95 Network

Senior AutoCAD/Networking Instructor Continental Training Center Concord, CA 1991-1995
Instructed adult students in 3-D Studio, AutoCAD, UNIX, Windows, Lotus 1-2-3, Paradox and
Novell System Administration

Systems Backup Coordinator Gaylord Container Corporation Antioch, CA 1990-1996
Back up DEC and VAX mainframe computers. Utilized Harvard Graphics to design quarterly reports

Structural Steel Detailer Contex Engineers, San Ramon, CA 1988-1990
Structural steel detailer - drawn by hand and calculating cut and blot holds. I rented them my
computer and plotter to start my AutoCAD experience with Ver. 2.6, setup my first CAD department, and
made standards for the first time, form hand to computer.

EDUCATION/CERTIFICATIONS

University Of Houston Microstation 2D (Microstation V8 XM)	2009
Martinez Technology Education Center, AutoCAD 2006, Update to Architectural Desktop 2006 (Level 1 & Level 2) A + Core Hardware Microcomputer Applications and CAD Instructor Certificates for The Private Post Secondary Education Council	2006-2006
AutoCAD Map 2.0 – Technical, Autodesk	1991-2001
Novell NetWare 3.1x Administration & Advanced NetWare Administration	1997
Master Autodesk User, Autodesk University	1996
Computer Aided Design, Drafting with AutoCAD, Auto PCB Certificate Design. The Copper Connection, Inc.	1995
Drafting/CAD Training, Professional CADesigns	1988
Los Medanos Collage, Computer Science	1988
Los Medanos College; Welding	1986-1988
Chabot College, Drywall	1982-1983
Chabot College; Carpentry Apprentice School	1982-1986
	1978-1982
