• **SIGNIFICANT SKILLS**

- Revit Architectural Suite 2010
- Revit Structure Suite 2010
- Revit MEP
- AutoCAD 2010
- AutoCAD Civil 3D 2010
- Drafting Instructor in AutoCAD
- MicroStation V8 XM
- 3-D Studio
- AutoCAD Map 2010
- Architectural Designer
- Structural Designer
- Structural steel Detailer
- MS Access 2007
- MS Excel 2007
- MS Word 2007
- MS Server 2003
- Photoshop
- Novell System Administration
- WordPerfect
- Lotus 1-2-3
- Paradox
- Harvard Graphics
- MS Macro in Excel, Access
- Google SketchUp
- Visual Studio.NET
- ASP, C#, VB, LISP
- Web Site Database
- Autodesk developer network
- Microsoft operating systems
- UNIX, IRIX
- Database Design
- Ribbon add-in Menus
- MS Systems Management
- Network Cabling
- PC Repair A+ Cert.
- Applications Developer

• **PROFESSIONAL EXPERIENCE**

CAD & IT Manager Chow Lazer LLD 10333 N.W. Freeway suite 220 **Houston, TX. 2008-2010**
 Setup the office with computers, network, and phones and hire drafters. I installed all program like AutoCAD, MS Office 2008, Vista, Networking C# VB.net and email. I support all in office in all programs. Then they needed me to work for them in Oakland doing Programming at Chow Engineering, 7770 Pardee lane Oakland, CA. Same company, but program development for Revit and AutoCAD software making new applications and add-in integration menus, external command, external applications in C# Sharp and ObjectARX. I setup the interface with Autodesk developer's network. It was for Six months.

Owner 4ACAD.COM Moraga, CA. **1990-2007**
 I work in the designing of the factory for BART train cars. The company design database for fast food inventory and payroll. We contracted for computer consulting, networks, AutoCAD, and graphics work. Consultant for Gaylord Container Corporation Antioch CA, and Railroad Signal Services, coal dumping system in Long Beach CA. These were some of the clients. Retired Now I would like to have a full-time job.

CAD Manager Ron Herman Landscape Architect San Leandro, CA. **2001-2004**
 Set standards for drafting with LDD desktop and Map 6. Created visual database for irrigation and trees working with surveyors and surveying equipment using Visual Studio.NET. Setup and maintained the networks.

CAD Engineer NASA Mountain View, Oakland, CA. **2000-2001**
 Contracted with NASA as a CAD Engineer to document a new network and set up a CAD system for accomplishing this. In addition to this, I helped with designing the conference room.

Networking Technology/Instructor United Education Institute San Francisco, CA. **1998-2000**
 Instructed low income adults in use of operating systems ranging from DOS to NT Server, Microsoft Office, Network and Cabling. I work two jobs at the same time.

CAD Manager **Desimone Consulting Engineers** San Francisco CA. **1998-2000**
 Hired, trained, and assigned work to CAD personnel involved in structural steel drafting Backed up office projects. Served as a Novell Administrator.

Production Manager **Fard Engineers** Walnut Creek, CA. **1998**
 Assigned HVAC and Electrical drafting projects. Interfaced with engineers on AutoCAD problems and Backed up projects. Contract Job.

Applications Engineer/AutoCAD-Instructor **Kelar Corporation** Los Angeles, CA. **1997-1998**
 Taught AutoCAD R14 Level 1 & 2 and the Release 13 to 14 upgrade course, and provided technical support to clients.

CAD System Manager **Railroad Signal Services** Long Beach, CA. **1995-1997**
 Instructed Engineer and Designers in use of AutoCAD Design, and prepared drawings for railroad train signal standards. Set up and maintained WIN 95 Network.

Senior AutoCAD/Networking Instructor **Continental Training Center** Concord, CA. **1991-1995**
 Instructed adult students in 3-D Studio, AutoCAD, UNIX, Windows, Lotus 1-2-3, Paradox and Novell System Administration.

Systems Backup Coordinator **Gaylord Container Corporation** Antioch, CA. **1990-1996**
 Back up DEC and VAX mainframe computers. Utilized Harvard Graphics to design quarterly reports.

Structural Steel Detailer **Contex Engineers,** San Ramon, CA. **1988-1990**
 Structural steel detailer - drawn by hand and calculating cut and blot holds. I rented them my computer and plotter to start my AutoCAD experience with Ver. 2.6, setup my first CAD department, and made standards for the first time, form hand to computer.

• **EDUCATION/CERTIFICATIONS**

ADN Developer's Network at AutoDesk ObjectARX & AutoCAD .AD .NET	2009
University Of Houston MicroStation 2D (Microstation V8 XM)	2009
Martinez Technology Education Center, AutoCAD 2006, Update to Architectural Desktop 2006 (Level 1 & Level 2) A + Core Hardware	2006-2006
Microcomputer Applications and CAD Instructor Certificates for The Private Post Secondary Education Council	1991-2001
AutoCAD Map 2.0 – Technical, Autodesk	1997
Novell NetWare 3.1x Administration & Advanced NetWare Administration	1996
Master Autodesk User, Autodesk University	1995
Computer Aided Design, Drafting with AutoCAD, Auto PCB	
The Copper Connection, Inc. Certificate Design.	1988
Drafting/CAD Training, Professional CADesigns	1987
Los Medanos Collage, Computer Science	1986-1988
Los Medanos College; Welding	1982-1983
Chabot College, Drywall	1982-1986
Chabot College; Carpentry Apprentice School	1978-1982
